The Pro-Fix KP covers both the  
Palmyra Group and Jarvis Island  
about 400 miles south-southwest.  
Jarvis Island is about 22 nautical  
miles south of the equator while  
Palmyra is about 350 miles north of  
the equator. There is no regular  
mail or boat service so this card  
may be late in arriving. Please QSL  
vis

TNX. Hope to vlc U agn.
